Key Insights

A 5.0% decrease in visitors in December 2023 compared to December 2022 was recorded.

In Southern Downs, visitors comprise 51% overnight guests and 49% day trippers. The overnight visitors typically stay for an average of 2.5 nights per visit, spending an average of \$145 per night during their stay.

Among visitors, 24% originate from Interstate, while 75% come from Intrastate, with an additional 1% from International locations. Notably, most of these cities lie further toward the coast, suggesting that the majority of visitors venture inland to experience Queensland's countryside.

Increased visitor numbers can be achieved significantly by focusing on the top three Helix Personas: 402 (Working Hard), 401 (Home Improvers) and 501 (Making Ends Meet). Enhancing the promotion of pubs can notably boost visitor numbers, given that this aligns with the major interests of two personas, constituting over 10% of the total visitors to the region. Moreover, promoting nature-based activities such as fishing, hiking, or exploring zoo and wildlife parks can further bolster visitor numbers, as these activities align closely with the interests of the top three personas.
